

EVS in Germany

You love working with children, you want to gain experience in lifelong learning, get to know pedagogical methods in Germany, test yourself, and learn more about the German language and culture?

Then apply now! We offer you an interesting opportunity for European Voluntary Service:

"Kindergarten Domschlösschen"

A Kindergarten, caring for 84 children in the ages of 2 years to the age of school enrollment. The team is working with the concept of "Friedrich Fröbel". The goal is to enhance the children to think, act and feel independently. Respect and acceptance are important values for our institution, that's why we want the children to voice their opinion freely and to solve conflicts themselves. Sport and movement is also a main part in our institution. We have group rooms, a rotating room, a room for handcrafting and a theatre room. We already have many years of experience with European volunteers.
