

Care Travel

European Thinking Cleaner Environment

Hosting and Coordinating organization: Care2Travel

Location: Miercurea-Ciuc, Romania

Activities start date: October, 2019, **end date:** July, 2020

Total duration of the activities: 10 months (40 weeks)

Volunteers needed from:

- European Union

Project activities:

- Green Club
- Green Stands
- Presentations in schools
- Litter picking actions

Accommodation:

- in the center of Miercurea-Ciuc
- 1 room for 2 volunteers
- 1 room for 1 volunteer
- kitchen with stove, oven, sink, refrigerator + a storeroom
- 1 bathroom and 3 toilets + 3 showers separately

Food:

- dinner at a local buffet-style restaurant on weekdays
- ingredients provided in the kitchen for all other meals

OR

- volunteers can use their food budget to cater for themselves

Activities in detail:

The main activity will be facilitating a **Green Club**, twice a week. It will involve the presentation of ways to sustainable trash management, do it yourself tutorials (about recycling and up-cycling) that can help to reduce waste, but it will mostly work as debate clubs, where participants can share and discuss their opinion on different topics.

We plan to have stands in shops, we call '**Green Stands**', a total of 3-4 times during the project. We will target three local shops to promote eco-conscious shopping for bypassers. Volunteers will also have the task of creating posters that raise awareness of eco-conscious shopping and that will be used in several local shops.

Participants will facilitate **presentations in schools**. This activity will repeat weekly. The aim of these will be to shock the students about the consequences of unsustainable rubbish management, hoping to raise awareness on the topic and motivate them to take part in the *Green Clubs*.

Litter picking actions will be promoted through social media and can sometimes involve Green Club participants and will target different highly polluted areas.

Similar to the Green Stands volunteers will go to 6-7 **events** throughout the project. By the time the project starts to appear at such events, volunteers will have done a lot of research and will be broadly informed on the topic and can give 'personalized' information for those interested, through discussions and handing out fliers printed on recycled paper created at the Green Clubs.

Important notes:

- although activities take place in Romania, most of the locals are Hungarian speakers
- pocket money €90/month
- separate room (possibly sharing with another ESC volunteer) in a house with many other international volunteers; shared kitchen and bathrooms
- you can work together with us and create materials in our office, just a 10 minute walk from your accommodation

If you'd like to apply, please contact our project coordinator, Orsi, at orsi.biro@care2travel.org

Don't forget to attach your motivation letter, connected to this project and your CV.
